

Cage Fishing Tackle Set Stainless Steel Collapsible Dip Net Fishing Basket Cage

Our Product Introduction

Basic Information

- Place of Origin: Shandong, China
- Brand Name: Sunrise
- Certification: ISO
- Model Number: 6521
- Minimum Order Quantity: 500 Pieces
- Price: 6.5 USD/Piece for 3M
- Packaging Details: Negotiated / Standard Package
- Delivery Time: Negotiated / 20 Working Days After Payment
- Payment Terms: T/T
- Supply Ability: 300000 Pieces/Month

Product Specification

- Product Name: Fishing Basket
- Product Type: Fishing Nets
- Type: Dip Net Cage Storage
- Color: 3colors As The Picture
- OEM: Acceptable
- Length: 3M
- Highlight: Cage Fishing Tackle Set,
Stainless Steel Collapsible Dip Net,
Fishing Tackle Set Basket ISO

Product Description

Stainless Steel Collapsible Dip Net Fishing Basket Cage

A fishing basket cage, also known as a fish basket or fish trap, is a tool used in fishing to capture and hold fish in a controlled manner. These baskets are typically used in various fishing environments, including freshwater and saltwater, to keep fish alive and fresh or to manage catch limits. Here's some information about fishing basket cages:

Design: Fishing basket cages come in various designs and materials. They are often constructed from wire, mesh, or other sturdy materials to create a container with an open structure that allows water to flow through. Some are cylindrical, while others may have a rectangular or conical shape.

Purpose: The primary purpose of fishing basket cages is to store and hold fish after they've been caught. This can serve several functions, such as keeping the fish fresh until you're ready to clean and prepare them, adhering to catch limits, or selecting specific fish for harvest while releasing others.

Catch and Release: Fishing basket cages are commonly used in catch-and-release fishing practices. Anglers can place fish in the basket, observe and measure them, and then release them unharmed if they do not meet size or legal limits.

Live Bait: Some anglers use fishing basket cages to keep live baitfish in the water while fishing, ensuring that the baitfish stay alive and active until they are used as bait.

Size and Capacity: The size and capacity of fishing basket cages can vary, and anglers choose them based on the type of fish they intend to catch and local regulations. Some baskets are small and portable, while others can be quite large and are typically anchored in place.

Maintenance: Fishing basket cages should be cleaned and maintained regularly to remove any debris or aquatic organisms that might accumulate inside the basket.

Legal Regulations: Check local fishing regulations and guidelines, as some areas may have restrictions on the use of fishing basket cages. Some jurisdictions may limit the type of fish that can be stored in these containers or set rules regarding their size and design.

Product details:

5 Layers Portable Folding Fishing Basket Dip Net Cage Keep Fish Alive In The Water Tool Fishing Accessories

Collapsible Fishing Basket Dip Net Fishing Cage to Keep Fish Alive in the Water Fishing Accessories Tool

Folding Fish Cage For Keeping Lures Durable Hand Throwing Catch Nylon Foldable Army Green 3 Meters Long Fishing Network

Product Features:

1. Durable mesh material: Made of high-grade nylon quick-drying material, it has the characteristics of durability, corrosion resistance and odor resistance. Doesn't hurt the fish.
2. Foldable, easy to carry.
3. The automatic buckle fluorescent anti-jumping fish design can help prevent fish from escaping from the fishing basket when stored.
4. A durable fishing net, commonly used in fish farming, smelting, small fish, crabs, shrimps, lobsters, etc.

Specifications:

Product Name: Fishing Net

Material: Nylon

Quantity: 1 Pc

Size: 3 Meters Long

Color: Army Green

Package Included:

1 x Fishing Net
